

ASWITHA VIJAYAKUMAR

Frontend Developer | React.js | JavaScript | Tailwind CSS

Chennai, Tamil Nadu | 7305197294 | aswithavijayakumar1120@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Enthusiastic Frontend Developer with a strong foundation in React.js, JavaScript (ES6+), HTML5, CSS3, and Tailwind CSS, focused on creating responsive and interactive web applications. Experienced in component-based architecture, React Hooks for state management, DOM manipulation, and API integration. Eager to contribute to frontend development projects while continuously learning new technologies and improving development skills.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, SQL

Frameworks & Libraries: React.js, Tailwind CSS, React Router

State Management: React Hooks (useState, useEffect, useContext), Context API

Tools & Platforms: Git, GitHub, VS Code, Chrome DevTools, Jira

Core Competencies: Responsive Design, Component-Based Architecture, Debugging, Performance Optimization, Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Technical Support Executive | Selfservit Solutions Pvt Ltd, Chennai | Mar 2024 – Aug 2025

- Resolved technical issues for web applications, improving system reliability and user experience
- Executed SQL queries to diagnose and troubleshoot data-related issues
- Conducted root cause analysis on recurring incidents, reducing repeat issues
- Collaborated with development and QA teams to maintain seamless application performance
- Documented technical solutions, improving team knowledge sharing

PROJECTS

Glowra Cosmetics (E-Commerce) | React.js, Tailwind CSS, Context API, React Router

- Built a responsive e-commerce platform for cosmetics with dynamic product grid layouts and cart management
- Implemented user authentication and protected routing using React Router
- Managed global cart and auth state using Context API, eliminating prop drilling across components
- Designed a clean, fully responsive UI with Tailwind CSS and React Icons

Task Management App | React.js, JavaScript, CSS

- Built a Todo application with real-time search, filtering, and dynamic state updates for efficient task tracking
- Implemented CRUD operations and managed state using React Hooks (useState, useEffect)

CRUD Dashboard | React.js, JavaScript

- Developed an administrative dashboard with full CRUD functionality, form handling, and validation
- Implemented dynamic state updates for real-time data management using React Hooks

EDUCATION

B.Sc. Computer Science | St. Thomas College of Arts and Science (2020 – 2023) — Aggregate: 78.5%

Class XII: 73% | Class X: 84%
